Eurostars Das Artes 4*

Eurostars Exhibition

This exhibition is part of strong commitment for Grupo Hotusa to offer, through its chain, all possible resources as a means of support, knowledge and dissemination of culture and art. Following our corporate philosophy in 2004, we launched the Eurostars Exhibitions project with the aim of promoting culture, turning our spaces into an excellent platform for disseminating the artistic-cultural movement of each city. Since then, more than 50 hotels have joined our proposal. This is part of the Eurostars Hotels cultural project, giving up some of its common use areas for temporary exhibitions.
